## The Fast Fit Advantage

The Fast Fit alternative to casting is revolutionary

- No casting needed. For a speedy solution without the complication of casting, Fast Fit products offer more choices for growing children.
- A low-cost alternative. For mild to moderate gait problems, Fast Fit products are a real option to custom orthoses.
- Easy to measure. Simply convert the shoe size on the sizing chart to inches (see inside).
- Stability in standing and walking. For early intervention, Fast Fit products provide a continuous progression from minimal to moderate levels of support.

The unique *Fitzkidz Fast Fit* orthotic system, offering immediate treatment options - **no casting needed!**

# FitzKidz Fast Fit DAFOs

Produced using superior quality and adaptable materials, FitzKidz Fast Fit DAFOs offer a high standard of function and fit in one clinical appointment. All DAFOs are available in either Blue/White or Pink/White.

## Fast Fit Cricket®

### Maximum support shoe insert

- For young patients with mild to moderate pronation.
- Partial wrap foot orthosis cups heel and contains midfoot. Trimline is below top edge of shoe.

€35.00 each  
€61.20 per pair

## Fast Fit Leap Frog™

### PF free, DF free, SMO trimline

- For young patients with mild to moderate pronation or supination and associated gait instability.
- Open ankle with a full wrap of heel and foot.

€59.00 each  
€100.30 per pair

## Fast Fit Bunny®

### High SMO with proximal strap, PF resist, optional DF resist

- For young patients with inconsistent ankle motion, toe walking or knee hyperextension.
- Provides mild influence on knee control.

€59.00 each  
€100.30 per pair

## Fast Fit Kangaroo®

### PF block, DF free, AFO trimline

- Proximal posterior blocks PF in young patients.
- Open anterior allows DF as lower leg flexes away from posterior section.
- Also controls pronation and supination in toe walking and hyperextending patients.

€59.00 each  
€100.30 per pair

# Shoe inserts

Along with providing foot control, our shoe inserts can also balance out volume and leg length for children who wear a brace on only one foot.

## PollyFrog™

### Maximum support shoe insert

- For mild to moderate pronation.
- Low trimline cups heel and midfoot: foam liner with soft toe lever, ¾-length light plastic shell and full heel cup.

€35.00 each  
€61.20 per pair

# Sizing Chart

The actual length of devices is measured in inches - please see sizing chart below.

Shoe Size (Euro)	Shoe Size (UK)	Fast Fit Sizing	Shoe Size (Euro)	Shoe Size (UK)	Fast Fit Sizing
15	0	4"	24	7	6.25"
16	1	4.25"	25	8	6.50"
17	1.5	4.50"	26	8.5	6.75"
18	2.5	4.75"	27	9.5	7"
19	3	5"	28	10	7.25"
20	4	5.25"	29	11	7.50"
21	5	5.50"	30	12	7.75"
22	5.5	5.75"	31	12.5	8"
23	6	6"			

In order for us to process your order successfully we need you to provide accurate information. Please quote product name, size, Left/Right or Pair and colour (DAFOs only). Orders placed by telephone then faxed or posted should be clearly marked with 'CONFIRMATION ORDER' to avoid risk of duplication.
